

Login to database

Login to your root account

```
mysql -u root -p
```

To see all the databases

```
show databases;
```

Create DB

```
create database;
```

Use database

```
use maruf;
```

Create Table

```
CREATE TABLE customers (id INT NOT NULL PRIMARY KEY, name VARCHAR(40), level VARCHAR(10));
```

Insert Data into table

```
INSERT INTO customers (id, name, level) values (001, 'John', 'Platinum');  
INSERT INTO customers (id, name, level) values (002, 'Jack', 'Gold');  
INSERT INTO customers (id, name, level) values (003, 'Smith', 'Bronze');  
INSERT INTO customers (id, name, level) values (004, 'Carlos', 'Silver');  
INSERT INTO customers (id, name, level) values (005, 'Abraham', 'Silver');
```

To see table's data

```
Select * from customers;
```
